

INDEX OF NAMES  
Ancient and Modern

Listed in just one occurrence but it does not mean that they only occur once.

It does not list Biblical authors (prophets, etc., not emphasized) nor the names of our Lord or God the Father. This by no means implies that they are not far more important than the names we have actually listed—His name is above every name!

- |                         |                            |                          |
|-------------------------|----------------------------|--------------------------|
